ADA Digital Combination Lock 3782

Product Description

The ADA compliant digital combination lock 3782 is an affordable locking solution to the ADA guidelines on accessibility. With all the standard features you would expect of a DCL, this lock is also compatible with the **RAS** remote allocation system.

Applications for this lock are numerous but include **Lockers**, **Metal** and **Wooden Office Furniture** and **Postal**.

For further information **download the brochure**, **email** or contact us on **+44 (0) 121 505 0400**.

User, Programming and Installation instructions can be found on our **Downloads** page.

Download the complete **Technical Drawing** by clicking the link.
