

SMART LOCKER SYSTEMS

Parcel Delivery

LESS COMMOTION, **MORE CONVENIENCE.**

A locker that could open with the push of a button was once a thing of fiction, but today, it's a reality. These modern-day containers have functionality like never before. **Open lockers with your phone, your ID badge, a building's RFID key, your fingerprint**, the possibilities are incredible. Even more amazing, thanks to audit trails, you can **track your office locker usage or remotely lock or unlock any unit, and you can even charge your electronics** straight from the locker!

Lock Options

Fully Customizable

Management Software

FLEXIBLE PROBLEMS, ADAPTABLE SOLUTIONS.

We approach each locker application in a brand new light, solving your storage issues through **researching, developing and implementing the most usable solution for your patrons and employees.** A locker is only as strong as the lock that holds it and we have four tiers of lock options to choose from so you get the perfect security fit for your environment.

The lockers of the future, are here today.

“The team is knowledgeable, helpful, and carries a great line of products. They will transform your company's storage, and make working more efficient for your team.”

Ben Hicks | SEO Director
Pilot Digital Marketing
