CONTACTLESS BOOK PICK-UP & RETURN.

A locker that could open with the push of a button was once a thing of fiction, but today, it's a reality. These modern-day containers have functionality like never before. **Open lockers with your phone, your library ID badge, or a building's RFID key**, the possibilities are incredible. With smart lockers in your library, you'll be able to provide patrons with 24/7 automated support year-round for renting and returning books thanks to the functionality of these locker banks.
