

AUTOMOTIVE STORAGE SOLUTIONS

DON'T BUILD OUT, **BUILD UP.**

Auto dealerships know that optimizing storage area is the best way to generate more revenue. With our Modula vertical lift machines (VLM), **you can recover up to 90% of valuable floor space**, which means more room for service bays and more income. These units can **store the same inventory as 60 to 80 shelving bays**, while improving the security, accuracy, ergonomics, & productivity of your staff.

Streamline your operations area and increase your parts department productivity!

BRADFORD

Heavy-Duty Mobile Racking

Inventory Control

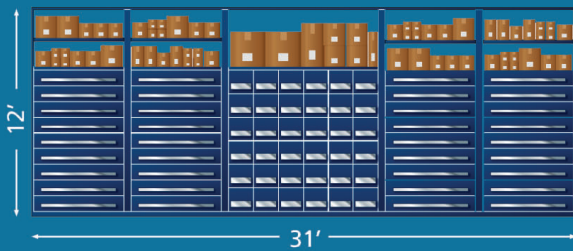

TOP TO BOTTOM AUTOMOTIVE OPTIMIZATION.

Auto dealerships need to **accommodate both, large and small tools, parts & equipment.** To help with this, we provide Spacesaver **high-density shelving & racking solutions to accompany our Modula VLM**, so we're able to maximize your valuable space and help increase your revenue.

What's more, is our dealer management software (DMS) is a centralized system that can **easily integrate with your current DMS systems**, giving you even more benefits to your automotive space.
